## A message from our CEOs

### **(Again about) the face-to-face Meeting in Muscat & The virtual ones**

*Despite the virus, the variants, some closures and many difficulties more, we are running to organize our first in-person meeting in the best way in Muscat, the capital of the beautiful Sultanat of Oman.*

*The meetings are the soul of any Network. The place where business relationships become friendship and strong confidence. And this is the reason we confirm you the place and the dates of our first meeting: from March 6th until March 9th, 2022 + one leisure day in Muscat.*

*As we already informed you in EPN magazine (November issue), we will take care for the visas of all participants and also for Corona-measures and whatever else is needed for a smooth entry and exit to and from Oman. And we need only a few days more to confirm you the full meeting agenda with the Hotel and the costs. As we said, "Omicron" changed the game (again)... and then we are finalizing the details.*

*For all these reasons, once you will receive the full agenda, we ask you to proceed with the confirmation of booking in the shortest possible time. We have to do the same with the Hotel for not being obliged to pay high penalties.*

*Last but not least, we confirm also that the meetings will take place at the same time, in the same Hotel of our partner networks meetings. Then, one of three days dedicated to one-to-one meetings you have the unique opportunity to meet Africa Logistics Network (ALN) and Airfreight Logistics Network for Africa (ALNA) members, without any further costs during a 'mixed day'*

*We can't wait to meet you in Muscat.. but, few more lines!*

*We want strengthen our relationships, between us and between you, our members, also during these few weeks before the event. For this reason, we thought to organize:*

*> Some webinar by Zoom to introduce our members. One webinar in each region (group of neighbouring Countries). Please let us know if you wish to apply for the first webinars!*

*> A Whatsapp group for more quick communications between us. We will ask you to not overdo in informal communications, avoiding kittens and pictures from your holidays... but we deeply believe whatsapp group will help us to keep us in contact and to enhance the communication.*

*Prices:*

*Attendee in single room / 4 nights - EUR 1600 / person*

*2 Attendees from the same Company in double shared room / 4 nights - EUR 1450 / person*

*Leisure day (optional) - EUR 350*

*Spouse not attending the meeting / 4 nights: 890*

*Again, see you in Muscat and let us know if you need any further information.*

Over the last few years, EuroBridge has invested heavily in acquiring new trailers to transport import and export goods on behalf of its customers to and from Malta. It was only in 2010 that it acquired its first trailer and now it owns over 40.

The trailers are both box and curtain-sided trailers, and include megas and step-trailers to give our customers as many options as possible. Our trailers are constantly on the move in mainland Europe so we keep them maintained as much as possible not only because we want to give loaders peace of mind when loading their shipments but also to keep the safety standards needed to travel on the European roads.

With today's technology, everybody has all sorts of news and information at their fingertips. In our work, this can make things a bit dangerous and can direct important decisions in the completely wrong way.

Our role is to filter it all, provide only relevant and reliable information.

We are not here only to provide the cheapest possible rates, but more importantly to deeply investigate all options, carefully negotiate, advise and follow operationally until smooth execution of job.

We take the best care of all of our client's interests, and never leave them exposed to financial or commercial risk. Our part of the job is to ensure the fluent flow of trade for our clients... with us, they have to feel safe & comfortable, confident in our support, and free to run their own core business while we take care of their cargoes or their ships.
