We offer superior heavy transport services in Europe, concentrated on intelligent logistics and specialized expertise.”

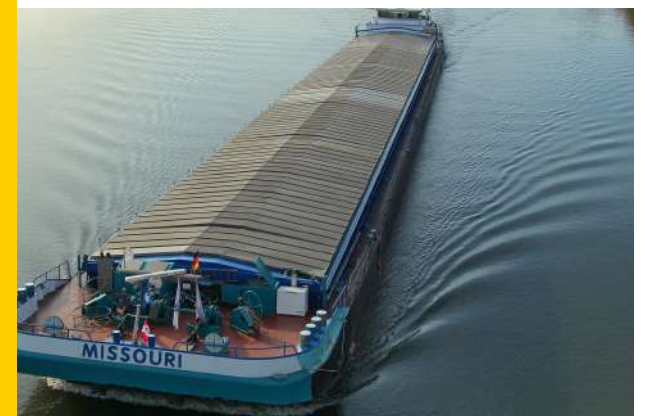

| Our Services

**MS PROJECTS OFFERS
HEAVY TRANSPORT
SERVICES,
WITH ACCENT ON
EFFICIENCY AND
RELIABILITY.**

✓ We ensure logistics and proper implementation of transport plans on
ROAD, AIR AND RIVERS.

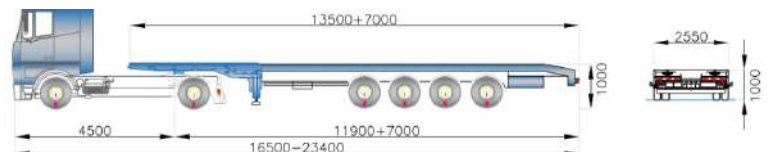

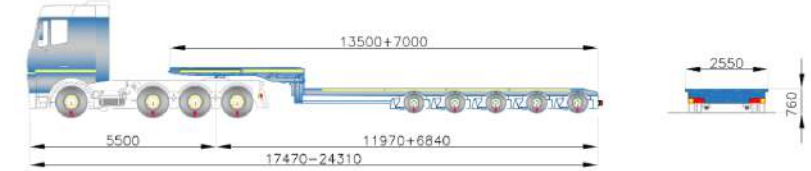

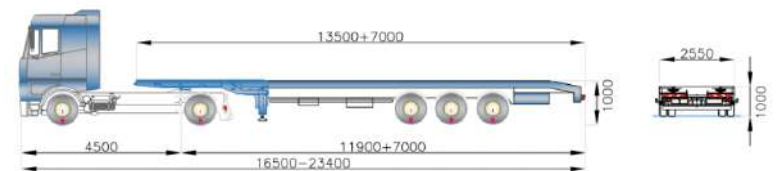

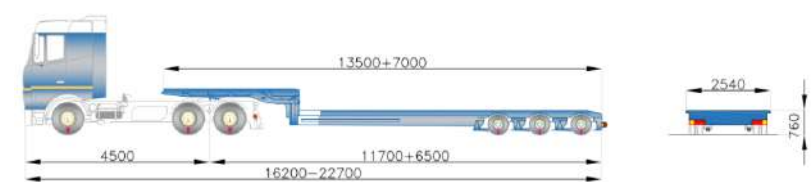

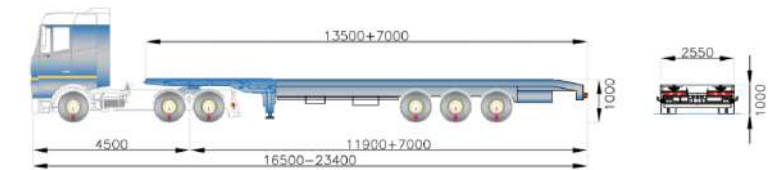

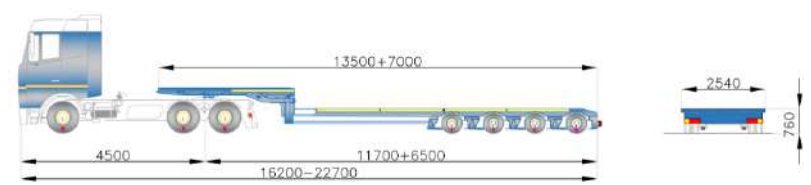

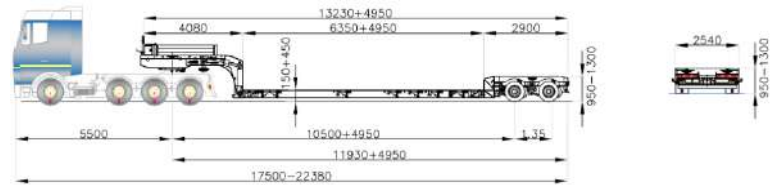

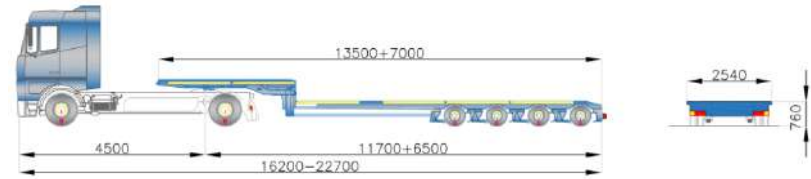

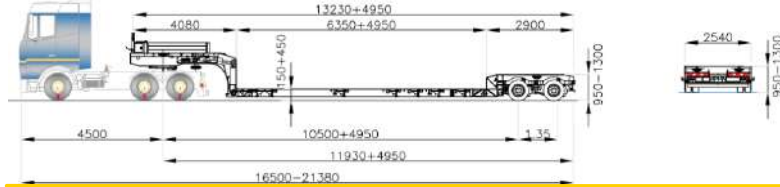

Specialized in heavy transports, MS Projects ensures fast product loads, with short transit time. From planning to execution, the team that handles the transport uses all expertise accumulated along the years, in order to safely deliver positive results, highly appreciated by the clients.

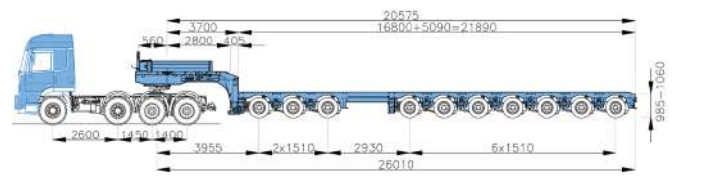

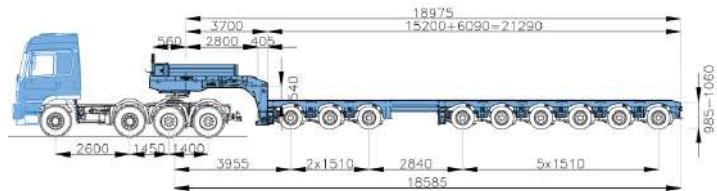

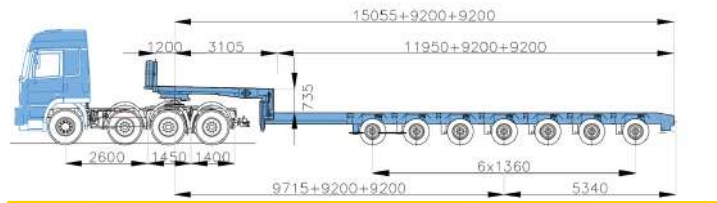

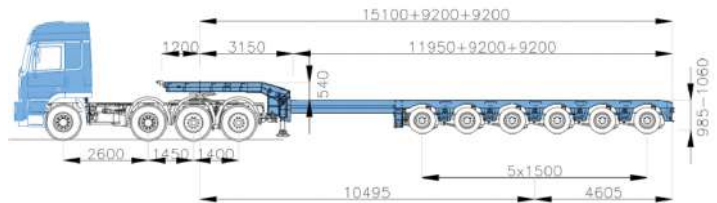

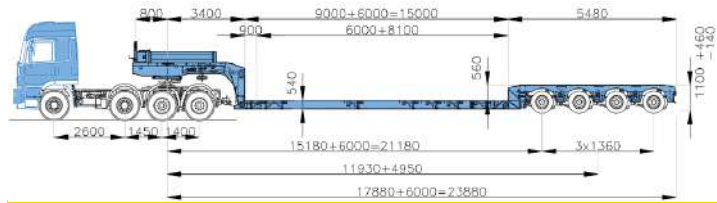

We use modern technology to create safe and efficient transport routes. Our colleagues respects the highest standards of security.

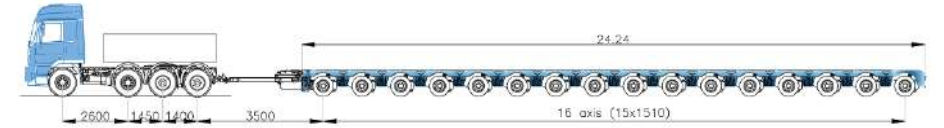

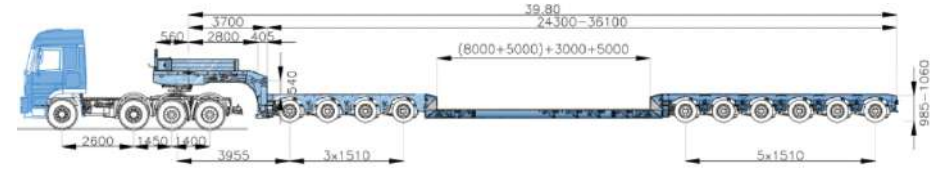

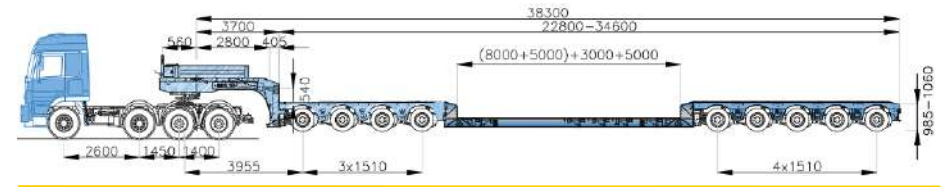

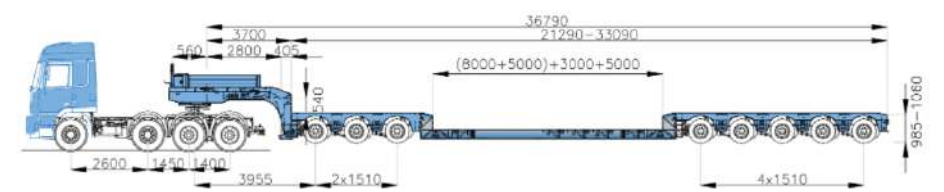

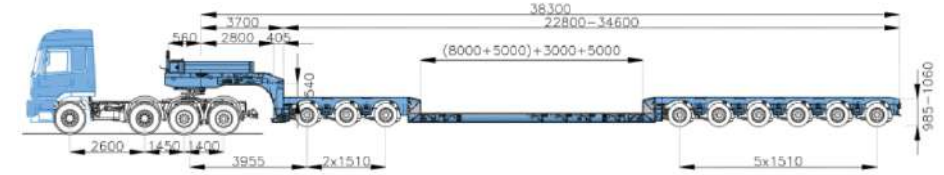

Our Fleet. Technical Details

Lowbeds, semitrailers platforms from 2 axles to 10 axles

Vesselbridges and modular axles

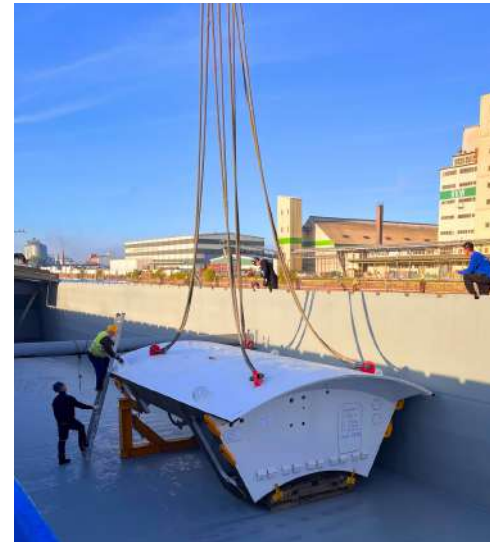

Agricultural Machines. Industrial Projects

River Transport

We can offer suitable transport solutions using the entire European inland waterway system. We are frequently using the main transport corridor going from lower Danube to Rhine, via Main Donau Kanal, but we are also doing transports to and from ports of river Elbe, Neckar, Mosel, Saar or Mittelland Kanal.

We have our own barges fleet – and based on this we can present you the best multi-modal solutions!
